# Animals in Winter

Winter is cold. There is snow everywhere, and there is not much food around. People stay in warm houses, but what do animals do during the cold winter?

## Migrate

Geese migrate, or fly, to some place warm. They don't come back until spring comes.

## Hibernate

Bears hibernate, or sleep, in their den all winter. They don't wake up until spring comes.

### Find Out and Say

1. What other animals migrate in winter?
2. What other animals hibernate in winter?
3. What other animals adapt to cold weather?

### Key Words

adapt	den
hibernate	fur
migrate	grow

## Adapt

Hares adapt to the cold weather by changing themselves. Their fur changes color and grows warmer. Then, they can easily hide in the snow.

## Project

1. Choose a topic: hibernating animals, migrating animals, or adapting animals
2. Find information on the internet and make a chart.
3. Share the chart with the class.
